# Take advantage of a specially designed plan

This plan is for people with Medicare and Medicaid coverage and has many extra benefits that can help you live a healthier life. It has a network of quality doctors, hospitals, pharmacies and other providers, designed to help you get the care you need. You have access to a large dental provider network. You can also get care from out-of-network dental providers, but your costs may be higher, even for services with a \$0 copay.

## Here's how this HMO-POS D-SNP plan works

**Get care from providers in the network** or visit out-of-network providers for covered dental services.

**Select a primary care provider to oversee and help manage your care.**

It's required by the plan, but it's also very beneficial for your long term health and well-being.

**\$0 copays for preventive services when received in-network.** See the Summary of Benefits in this book to find out what is covered and how much you could pay for covered services.

**A referral is needed to see a network specialist or other provider.**

**This plan has a maximum annual out-of-pocket amount.** If you reach your limit, the plan will pay 100% of your Medicare-covered services for the rest of the plan year.

**Emergency and urgently needed services are covered anywhere in the world.**

**This plan includes prescription drug coverage.** Always use network pharmacies. You may pay more or the full cost for drugs received from pharmacies not in the network.

Go to [UHCCommunityPlan.com](https://UHCCommunityPlan.com) to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions. See your Evidence of Coverage for a list of all covered services.

## **Use network providers and pharmacies**

UHC Dual Complete TX-V01P (HMO-POS D-SNP) has a network of doctors, hospitals, pharmacies and other providers. For routine dental services, you can use providers that are not in our network. This health plan requires you to select a primary care provider (PCP) from the network. Your PCP can handle most routine health care needs and will be responsible to coordinate your care. If you need to see a network specialist or other network provider, you may need to get a referral from your PCP. We encourage you to find out which specialists and hospitals your primary care provider would recommend for you and would refer you to for care, prior to selecting them as your plan's PCP. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **[UHCCommunityPlan.com](https://www.uhc.com/CommunityPlan)** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

# Important information: 2023 Medicare star ratings

## UnitedHealthcare - H4514

For 2023, UnitedHealthcare - H4514 received the following Star Ratings from Medicare:

Overall Star Rating: ★ ★ ★ ★ ½ 4.5 stars

Health Services Rating: ★ ★ ★ ★ ½ 4.5 stars

Drug Services Rating: ★ ★ ★ ★ ½ 4.5 stars

Every year, Medicare evaluates plans based on a 5-star rating system.

### Why Star Ratings are Important

Medicare rates plans on their health and drug services. This lets you easily compare plans based on quality and performance.

Star Ratings are based on factors that include:

- Feedback from members about the plan's service and care
- The number of members who left or stayed with the plan
- The number of complaints Medicare got about the plan
- Data from doctors and hospitals that work with the plan

More stars mean a better plan – for example, members may get better care and better, faster customer service.

**The number of stars shows how well a plan performs.**

- ★ ★ ★ ★ ★ EXCELLENT
- ★ ★ ★ ★ ABOVE AVERAGE
- ★ ★ ★ AVERAGE
- ★ ★ BELOW AVERAGE
