Questions? We're here to help.

Start With Medicare Basics

Know how Medicare works, then choose what works for you

Original Medicare is provided by the federal government. It offers coverage for:

Hospital stays and inpatient care. This is called Part A.

Doctor visits. This is called Part B – you pay a monthly premium for it.

Original Medicare does NOT include prescription drug coverage

Prescription drug coverage. This is called Part D and is not included with Original Medicare. You are not required to enroll in a Part D plan when you first become eligible for Medicare. If you enroll in a Part D plan in the future, then you will pay a penalty equal to about 1% of the average monthly premium for each month you delayed enrollment. This must be paid monthly as long as you are enrolled in Part D. This is called a Late Enrollment Penalty (LEP).

Depending on your needs, you may want to add more coverage to Original Medicare

Additional coverage is offered by private insurance companies, such as UnitedHealthcare. You have a couple of different options to choose from:

Option 1: Enroll in a Medicare Advantage plan

Called Part C

Extras

Some plans may include extra benefits not included with Original Medicare

This type of plan combines Part A and Part B. Most Medicare Advantage plans also include Part D, so your hospital, medical and prescription drug coverage is all in one plan

Option 2: Add one or both of these to Original Medicare

Medicare Supplement

Helps pay for some of the costs not covered by Original Medicare

Medicare Part D plan

Helps pay for prescription drugs and helps you avoid that 1% penalty

Use this book to get familiar with and enroll in a Medicare Advantage plan. Speak with your agent if you are interested in a Medicare Supplement or stand-alone Part D plan.

Enroll in a Medicare Advantage Part C Health Maintenance Organization — Point of Service (HMO-POS) plan

This plan has a network of quality doctors, hospitals and other care providers, designed to help you get the care you need.

Your plan does not cover medical care from providers outside our network. However, you have access to see dental providers inside and outside of the network. Check the Evidence of Coverage for information on which dental services the plan covers out-of-network.

If you need to see a network specialist, make sure you get a referral from your primary care provider (PCP) first.

Here's how this HMO-POS plan works

Always see network providers for your care. The plan does not cover medical care from providers outside our network, except for emergency care, urgent care and renal dialysis services.

Emergency and urgently needed services are covered no matter where you go.

Select a primary care provider (PCP).

This plan requires you to select a PCP to oversee and help manage your care.

A referral is needed to see a network specialist or other provider.

You pay your plan copay or coinsurance when you visit a network provider*.

If you see a provider outside the network, you will have to pay the full cost for services yourself, except for covered dental care.

There's an out-of-pocket spending limit for network care each plan year.

If you reach your limit the plan will pay 100% of your costs for Medicare-covered services for the rest of the year.

This plan includes prescription drug coverage.

^{*}Plan copay or coinsurance amounts apply. You can find a complete listing of network providers and facilities within your plan on our website. Please refer to the Summary of Benefits and Benefit Highlights for more complete plan information.

Are you eligible to enroll in this plan?

You are eligible to enroll in this Medicare Advantage plan if:

You are enrolled in Original Medicare Parts A and B, and continue to pay your Part B premium

Prescription drugs

	Your cost		
Annual prescription (Part D) deductible	\$0	\$0	
Initial coverage stage	Standard Retail (30-day)	Preferred Mail Order (100-day)	
Tier 1: Preferred Generic	\$0 copay	\$0 copay	
Tier 2: Generic ¹	\$10 copay	\$0 copay	
Tier 3: Preferred Brand	\$47 copay	\$131 copay	
Select insulin drugs ²	\$35 copay	\$95 copay	
Tier 4: Non-Preferred Drug	\$100 copay	\$290 copay	
Tier 5: Specialty Tier	33% coinsurance	N/A ³	
Coverage gap stage	Tier 1 and Tier 2 drugs are covered in the gap. For covered drugs on other tiers, after your total drug costs reach \$4,660, you pay 25% coinsurance for generic drugs and 25% coinsurance for brand name drugs during the coverage gap		
Catastrophic coverage stage	After your total out-of-pocket costs reach \$7,400, you will pay the greater of \$4.15 copay for generic (Including brand drugs treated as generic), \$10.35 copay for all other drugs, or 5% coinsurance		

¹ Tier includes enhanced drug coverage

² For 2023, this plan participates in the Part D Senior Savings Model which offers lower, stable, and predictable out of pocket costs for covered insulin through the different Part D benefit coverage stages. You will pay a maximum of \$35 for a 1-month supply of Part D select insulin drugs during the deductible, Initial Coverage and Coverage Gap or "Donut Hole" stages of your benefit. You will pay 5% of the cost of your insulin in the Catastrophic Coverage Stage. This cost sharing only applies to members who do not qualify for a program that helps pay for your drugs ("Extra Help").

³ Limited to a 30-day supply

Your Drug Coverage

Review the Drug List (Formulary) in this Enrollment Guide to make sure your prescription drugs are covered by the plan. You should also review the Benefit Highlights in this guide for copays and supply amounts.

The amount you pay for covered drugs depends on these 4 things:

1. Drug tiers

Many plans group covered drugs into tiers. Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

¹ And select insulin drugs

It's important to know not all generic drugs are lower cost. There are generic drugs in each tier. Be sure to check the Drug List to find out which tier your generic drug is in.

If your drug is in a higher, more expensive tier, ask your doctor if a lower cost alternative could work for you.

2. Where you fill your prescriptions

There are thousands of national and local pharmacies.

You'll need to use network pharmacies to have the plan pay their share for your prescriptions. Visit **AARPMedicarePlans.com** to find a location near you.

Simplify with prescriptions delivered to your door

You have a \$0 copay for a 100-day supply of Tier 1 and Tier 2 drugs with OptumRx, our preferred home delivery pharmacy.

OptumRx will send the prescriptions you take regularly right to your door with no cost for standard shipping. Save time by registering online at **optumrx.com** to order new prescriptions, request refills, and more.

3. Prescription drug payment stages

The amount you pay for prescription drugs may change during the year depending on which drug payment stage you're in. Members move through the stages in the order below.

Annual Deductible	This plan does not have a deductible. Your coverage starts in the Initial Coverage stage.
Initial Coverage	In this stage, the plan pays its share of the cost and you pay your copay or coinsurance. You generally stay in this stage until your year-to-date total drug cost reaches \$4,660. Then you move to the Coverage Gap stage.
Coverage Gap (Donut Hole)	You pay no more than 25% coinsurance for any generic or brand name drugs until your total out-of-pocket costs reach \$7,400. Then you move to the Catastrophic Coverage stage.
	If you use a covered insulin, you will continue to pay a flat copay through the Coverage Gap.
Catastrophic Coverage	In this stage, you pay 5% of the cost for each of your drugs, or \$4.15 for generic (including brand drugs treated as generic) and \$10.35 for all other drugs (whichever is greater). You stay in this stage for the rest of the plan year.

4. Extra Help from Medicare

People with limited incomes may qualify for Extra Help to pay for their prescription drugs. If you qualify, Medicare could pay for some, or all of, your drug costs including premiums, deductibles and copays. Additionally, if you qualify, you won't have a Coverage Gap or a late enrollment penalty. Many people qualify for these savings and don't even know it.

For more information about Extra Help, contact your local Social Security office or call Social Security at 1-800-772-1213. TTY users should call 1-800-325-0778. You can also apply for Extra Help online at www.socialsecurity.gov/prescriptionhelp.

Additional drug coverage is available with this plan

This plan covers some prescription drugs that are not covered by Medicare Part D. This includes Vitamin D (50,000), Sildenafil (generic Viagra), Cyanocobalamin (Vitamin B-12) and Folic Acid (1 mg). These drugs are covered in Tier 2 and are in addition to the ones listed in the plan's Drug List and may not be available with other plans.

This plan has lower, stable out-of-pocket costs for covered insulin. You will pay a maximum of \$35 for a 1-month supply of Part D select insulin drugs during the deductible, Initial Coverage and Coverage Gap or "Donut Hole" stages of your benefit. You will pay 5% of the cost of your insulin in the Catastrophic Coverage stage. This cost sharing does not apply to members who pay a lower copay through Medicare's Extra Help program.

Other pharmacies are available in our network.

\$0 copay may be restricted to particular tiers, preferred medications, or home delivery prescriptions during the initial coverage phase and may not apply during the coverage gap or catastrophic coverage stage.

OptumRx is an affiliate of UnitedHealthcare Insurance Company. Optum Home Delivery is a service of OptumRx. You are not required to use Optum Home Delivery through OptumRx for a 100-day supply of your maintenance medications. Member may use any pharmacy in the network but may not receive preferred retail pharmacy pricing. Pharmacies in the Preferred Retail Pharmacy Network may not be available in all areas.

UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. AARP and its affiliates are not insurers. You do not need to be an AARP member to enroll. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.

Routine Dental Benefit Basics

Our best and most flexible dental coverage ever. Routine dental care is important to your teeth and overall health, but it's not covered by Original Medicare. A routine dental benefit can help protect your teeth and gums and provide coverage for dental care otherwise not included. It's just one of the many extra benefits you get with this plan.

Dental benefits may include:

\$0 copay for covered dental with an annual maximum of \$2,000 for cleanings, exams, x-rays, fluoride, fillings, crowns, root canals, extractions, dentures, implants and all other covered comprehensive services when using network providers

No annual deductible

Access to Medicare Advantage's largest national dental network

Freedom to see any dentist who accepts Medicare, seeing an out-of-network dentist may cost more

To find a network dentist near you, visit uhcdental.com

Exclusions may apply:

- 1. Services performed by an out-of-network dentist if your plan does not have out-of-network coverage.
- 2. Dental services that are not necessary.
- 3. Hospitalization or other facility charges.
- 4. Any dental procedure performed solely for cosmetic and/or aesthetic reasons.
- 5. Any dental procedure not directly associated with a dental disease.
- 6. Any procedure not performed in a dental setting.
- 7. Reconstructive surgery of any type, including reconstructive surgery related to a dental disease, injury, or congenital anomaly.
- 8. Procedures that are considered experimental, investigational or unproven. This includes pharmacological regimens not accepted by the American Dental Association Council on dental therapeutics. The fact that an experimental, investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in coverage if the procedure is considered to be experimental, investigational or unproven in the treatment of that particular condition.

- 9. Service for injuries or conditions covered by workmen's compensation or employer liability laws, and services that are provided without cost to the covered persons by any municipality, county, or other political subdivision. This exclusion does NOT apply to any services covered by Medicaid or Medicare.
- 10. Expenses for dental procedures begun prior to the covered person's eligibility with the plan.
- 11. Dental services rendered (including otherwise covered dental services) after the date on which individual coverage under the policy terminates, including dental services for dental conditions arising prior to the date on which individual coverage under the policy terminates.
- 12. Services rendered by a provider with the same legal residence as a covered person or who is a member of a covered person's family, including a spouse, brother, sister, parent or child.
- 13. Charges for failure to keep a scheduled appointment without giving the dental office 24 hours' notice, sales tax, or duplicating/copying patient records.
- 14. Tooth bleaching and/or enamel microabrasion.
- 15. Veneers
- 16. Orthodontics
- 17. Sustained release of therapeutic drug (D9613)
- 18. COVID screening, testing, and vaccination
- 19. Charges aligned to dental case management, case presentation, consultation with other medical professionals or translation/sign language services.
- 20. Space Maintenance
- 21. Any unspecified procedure by report (Dental codes: D##99)

Treatment plans and recommended dental procedures may vary. Talk to your dentist about treatment options, risks, benefits, and fees. CDT code changes are issued annually by the American Dental Association. Procedure codes may be altered during the plan year in accordance with discontinuation of certain dental codes.

Benefits vary by plan/area. Limitations and exclusions apply. If your plan offers out-of-network dental coverage and you see an out-of-network dentist, you might be billed more. Network size varies by local market.

UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. You do not need to be an AARP member to enroll in a Medicare Advantage or Prescription Drug Plan. AARP and its affiliates are not insurers. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.

This information is not a complete description of benefits. Call the plan for more information.

The provider network may change at any time. You will receive notice when necessary. Network size varies by market and exclusions may apply.

Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

About this plan

AARP® Medicare Advantage (HMO-POS) is a Medicare Advantage HMOPOS plan with a Medicare contract.

To join this plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, live within our service area listed below, and be a United States citizen or lawfully present in the United States.

Our service area includes these counties in:

Texas: Collin, Cooke, Dallas, Denton, Ellis, Erath, Fannin, Grayson, Hood, Hunt, Johnson, Kaufman, Parker, Rockwall, Tarrant, Van Zandt, Wise.

Use network providers and pharmacies

AARP® Medicare Advantage (HMO-POS) has a network of doctors, hospitals, pharmacies, and other providers. For routine dental services, you can use providers that are not in our network. This health plan requires you to select a primary care provider (PCP) from the network. Your PCP can handle most routine health care needs and will be responsible to coordinate your care. If you need to see a network specialist or other network provider, you may need to get a referral from your PCP. We encourage you to find out which specialists and hospitals your primary care provider would recommend for you and would refer you to for care, prior to selecting them as your plan's PCP. If you use pharmacies that are not in our network, the plan may not pay for those drugs, or you may pay more than you pay at a network pharmacy.

You can go to **AARPMedicarePlans.com** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

Required Information

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare Advantage organization with a Medicare contract and a Medicare-approved Part D sponsor. Enrollment in these plans depends on the plan's contract renewal with Medicare. UnitedHealthcare Insurance Company pays royalty fees to AARP for the use of its intellectual property. These fees are used for the general purposes of AARP. You do not need to be an AARP member to enroll in a Medicare Advantage or Prescription Drug Plan. AARP and its affiliates are not insurers. AARP encourages you to consider your needs when selecting products and does not make specific product recommendations for individuals.

Plans may offer supplemental benefits in addition to Part C benefits and Part D benefits.

If you want to know more about the coverage and costs of Original Medicare, look in your current "Medicare & You" handbook. View it online at www.medicare.gov or get a copy by calling 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week. TTY users should call 1-877-486-2048.

NOTES

Important information: 2022 Medicare star ratings

UnitedHealthcare - H4590

For 2022, UnitedHealthcare - H4590 received the following Star Ratings from Medicare:

Overall Star Rating: $\star \star \star \star \star \star 5$ stars

Health Services Rating: $\star \star \star \star \star 5$ stars

Drug Services Rating: $\star \star \star \star \star 5$ stars

Every year, Medicare evaluates plans based on a 5-star rating system.

Why Star Ratings are Important

Medicare rates plans on their health and drug services.

This lets you easily compare plans based on quality and performance.

Star Ratings are based on factors that include:

- ☐ Feedback from members about the plan's service and care
- ☐ The number of members who left or stayed with the plan
- ☐ The number of complaints Medicare got about the plan
- □ Data from doctors and hospitals that work with the plan

More stars mean a better plan – for example, members may get better care and better, faster customer service.

Additional covered drugs

Your plan has additional coverage for the prescription drugs listed below. These drugs are not normally covered in a Medicare Advantage plan with prescription drug coverage. The amount you pay for these drugs does not count toward your total drug costs or help you qualify for catastrophic coverage. If you get Extra Help to pay for your prescriptions, it does not apply to these drugs.

Drug name	Drug tier	Restrictions
Vitamins		
Folic Acid (1mg tablet)	2	
Cyanocobalamin (1000mcg/ml vial)	2	
Ergocalciferol (50000mcg capsule)	2

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare HMO Point-of-Service (HMO-POS) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. HMO-POS plans may allow you to get some services out of network for a higher copayment or coinsurance.

Medicare Preferred Provider Organization (PPO) Plan — A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors, providers and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan — A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You will usually pay more to see out-of-network providers.

Medicare Special Needs Plan (SNP) — A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan — MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan — In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you will be responsible for Medicare coinsurance and deductibles.

Stand-alone Medicare Prescription Drug (Part D) Plan

Medicare Prescription Drug Plan (PDP) — A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-For-Service Plans, and Medicare Medical Savings Account Plans.

Other Related Products

Medicare Supplement (Medigap) Products — Insurance plans that help pay some of the out-of-pocket costs not paid by Original Medicare (Parts A and B) such as deductibles and coinsurance amounts for Medicare approved services.

Dental/Vision/Hearing Products — Plans offering additional benefits for consumers who are looking to cover needs for dental, vision, or hearing. These plans are not affiliated or connected to Medicare.

Hospital Indemnity Products — Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans are not affiliated or connected to Medicare.

Enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a Customer Service Representative at the number listed on the back cover of this book.

Understanding the Benefits

The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs, and benefits before you enroll. Visit our plan website or call to view a copy of the EOC. Our phone number and website are listed on the back cover of this book.

Review the Provider Directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.

Review the Pharmacy Directory to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

Review the formulary to make sure your drugs are covered.

Understanding Important Rules

In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.

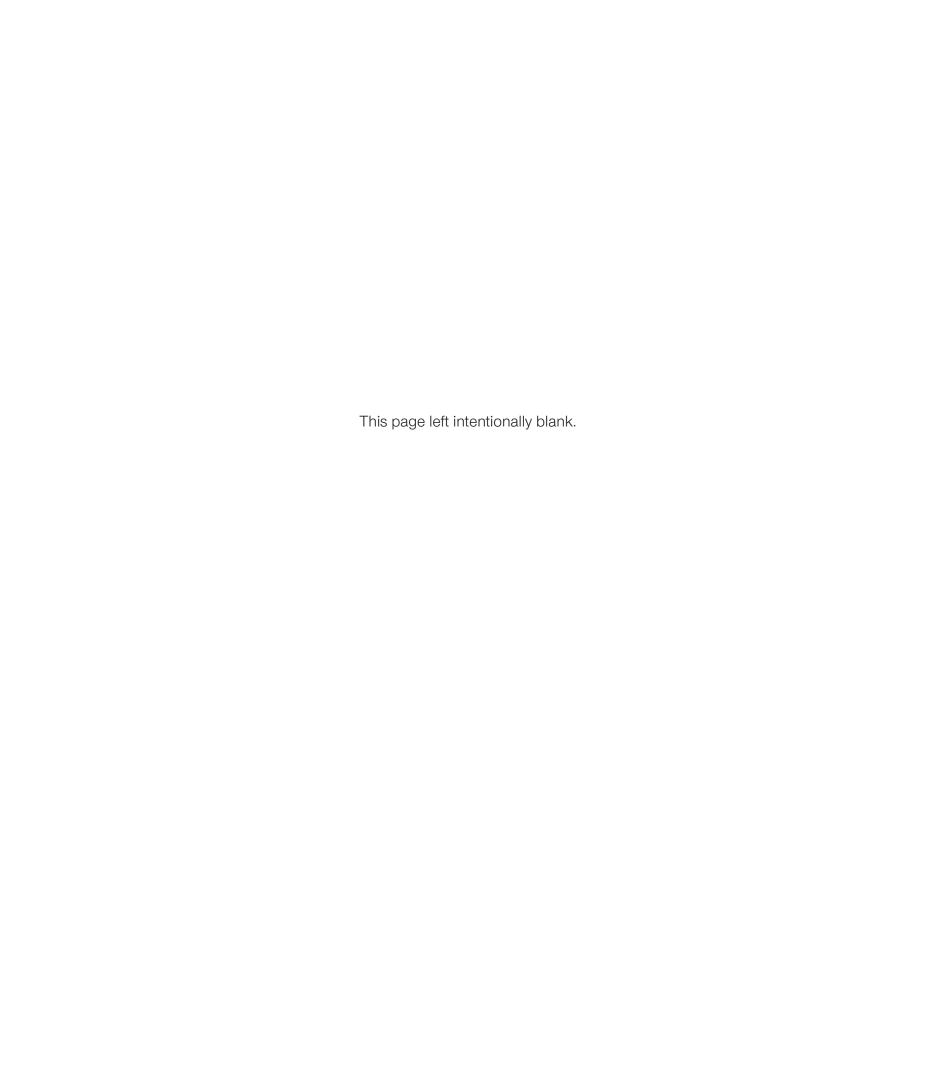

Benefits may change on January 1 of each year.

TEAR HERE

Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
