UnitedHealthcare offers you Medicare coverage you can count on for your whole life ahead

Simplify your day with benefits built to be used

With plans designed for all styles, stages and ages of Medicare, there's a UnitedHealthcare plan to fit your life.

Get more for your Medicare dollar

AARP Medicare Rx plans, offered through UnitedHealthcare, can help cover the cost of prescription drugs — even if your health changes. You could get more benefits and better prescription drug coverage by enrolling in an all-in-one Medicare Advantage plan from UnitedHealthcare. These plans provide more benefits than Original Medicare and a stand-alone Medicare Part D plan.

Expert guidance for today and as your needs change

Count on UnitedHealthcare to be there every step of the way with easy-to-understand Medicare resources, useful online tools, and trusted Medicare Plan Experts¹ to guide you. And with our Right Plan Promise^{®2}, only from UnitedHealthcare, you can rely on our 45 years of Medicare experience to help you find the right UnitedHealthcare plan for your needs and budget.

¹Medicare Plan Expert is a licensed insurance sales agent/producer.

²The Right Plan Promise is our commitment to provide you with tools and agent/producer support to help you find a plan in UnitedHealthcare's Medicare plan portfolio that meets your needs. It is not a guarantee that UnitedHealthcare offers a plan that meets the needs of every consumer. Plan recommendations are based on the information that you provide regarding your health coverage needs. Requests to disenroll or change plans remain subject to applicable Medicare regulations and Federal and state laws/regulations.

This plan has a comprehensive drug list to support your health

Even if you don't take any prescription drugs now, you may want to enroll in a Medicare Part D plan. If you don't get it when you're first eligible, you may have to pay a late enrollment penalty if you join a plan later.

Here's how this Medicare Part D plan works

Covered drugs are grouped into tiers

Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

Tier 1: Preferred Generic

Tier 2: Generic

Tier 3: Preferred Brand

Tier 4: Non-preferred drug

Tier 5: Specialty

This plan has a maximum annual out-of-pocket amount

After you and others on your behalf have paid the \$2,000 maximum annual out-of-pocket amount, you won't pay anything for Medicare-covered Part D drugs for the rest of the plan year.

Always use network pharmacies

There are thousands of network pharmacies you can go to — including local and national options. Be sure to use a network pharmacy, or the plan may not pay for your prescriptions, except in an emergency.

Enjoy the convenience of our preferred home delivery pharmacy

Get the prescriptions you take regularly delivered right to your door from Optum® Home Delivery Pharmacy. Register at **myAARPMedicare.com** now to save time ordering prescriptions, refills and more once you're a member.

Go to **AARPMedicarePlans.com** to search for a network provider or pharmacy using the online directories. You can also view the plan Drug List (Formulary) to see what drugs are covered and if there are any restrictions.

Medicare supplement insurance plans help pay for some of the out-of-pocket costs not paid by Original Medicare. Or, you can enroll in a Medicare Advantage plan that combines your medical and prescription drug coverage all in one plan. Most Medicare Advantage plans include extra benefits not covered by Original Medicare.
